Subject: Advisory on Safe Farming operations (Procurement and Marketing) in wake of COVID-19 pandemic.

Sir/Madam,

Corona virus Disease 2019 (COVID -19) is a systemic disease caused by a novel Corona virus (SARS-CoV-2), transmitted in most instances through respiratory droplets, direct contact with cases and also through contaminated surfaces/objects. Though the virus survives on environmental surfaces for a varied period of time, it gets easily inactivated by chemical disinfectants. Thus, correct and timely information and knowledge about the corona virus is the key to control the pandemic.

The restrictions imposed by Government of Punjab free movement of people and machinery to control the spread of the Corona virus has been relaxed with certain norms. It is, therefore essential to ensure a meticulous compliance of various guidelines issued by the Government to control the spread of the corona virus.

The summarized and consolidated guidelines for the various stakeholders involved in the operations- Farmers, Combine operators, Labour, Arhtiyas/Shopkeepers, Transporters, Staff of the Market Committees/ State Procurement Agencies (SPAs)/ District Administration are hereby issued as follows:

A. FARMERS:

- i. Farmers should prefer mechanized operations over the manual, wherever feasible. Only the essential numbers of persons should be allowed to accompany the machine.
- ii. All machines should be sanitized at the entry point and at regular intervals.
- iii. All the persons engaged in the operations should use cloth masks at all the times and ensure hand washing with soap at reasonable intervals.
- iv. The masks shall be worn in a manner that it snugly covers the nose as well as the mouth.
- v. The cloth mask should be properly washed with soap/detergent and water immediately after use.
- vi. Farmers should always maintain and ensure that social distancing of at least 2 metre is maintained by all the engaged labour during rest, taking of meals, transfer of produce at collection point, loading/unloading etc.
- vii. In case of manual field operations of harvesting/ picking, the farmer should accomplish the operation in 6 feet spaced strips assigning one strip to one person so as to ensure an adequate spacing between the engaged labours.
- viii. Stagger the field operations wherever possible and avoid engaging more number of persons on the same day.
- ix. Engage only familiar persons to the extent possible and after reasonable enquiry as to avoid the entry of any suspect or likely carrier of COVID-19 during field activity.
- x. The collection of the produce should be done in small heaps spaced at least 6 feet and field level cleaning/processing, should be assigned to 1-2 persons/heap to avoid crowding.
- xi. All transport vehicles, gunny bags or other packaging material should also be sanitized.
- xii. All persons engaged in operations should wash the hands with soap for at least 40 seconds by applying the soap gently on the palm and back of the hand including web spaces between the fingers and space as well as between the finger and the thumb and the wrist immediately before the

- start and after the end of operations. A two-hourly hand wash during the operations is recommended.
- xiii. In case a Sanitizer is being used, use a minimum of 3 ml of the sanitizer (approximately 2 pushes of sanitizer dispenser) on DRY HANDS for at least 30 seconds for good hygienic hand disinfection.
 - xiv. Sanitize or wash the hands with soap and water even if the hands appear to be apparently clean.
 - xv. Do not indulge in gossip/rumours with regard to COVID-19 without verifying the facts while carrying the operations. All are encouraged to download "COVA APP" developed by the Government of Punjab for the correct, timely and authentic information.
 - xvi. In case someone is diagnosed as COVID-19 with whom one had a contact during operations or otherwise, there is no need to panic. One should report to the Helpline No. 104 detailing the exact nature of exposure.
 - xvii. Farmer while transacting a paper/cash with labour/combine operator etc. should immediately sanitize his hands before as well as after any such transactions. He should also encourage the other person to sanitize his/her hands before and after the transactions. The farmer is advised to use online transactions wherever possible.

B. COMBINE OPERATORS:

- i. The combine operator and his workers should always bear in mind that the appropriate social distancing and not the time is the key factor during the pandemic in determining his income.
- ii. The transporter and his workers shall be advised not to indulge in any handshakes or hugs to greet/see-off each other.
- iii. The operator and his workers should be advised to wear cloth mask at all times immediately from leaving the house till the entry back into the house/place of stay.
- iv. The masks shall be worn in a manner that it snugly covers the nose as well as the mouth.
- v. The cloth mask should be properly washed with soap/detergent and water immediately after use.

- vi. All should always maintain and ensure that social distancing of at least 2 meter is maintained while interacting with the farmer/engaged labour during operations, rest, taking of meals, transfer of produce at collection point, loading/unloading.
- vii. All persons engaged in operations should wash the hands with soap for at least 40 seconds by applying the soap gently on the palm and back of the hand including web spaces between the fingers and space as well as between the finger and the thumb and the wrist immediately before the start and after the end of operations. A two-hourly hand wash during the operations is recommended.
- viii. In case a Sanitizer is being used, use a minimum of 3ml of the sanitizer (approximately 2 pushes of sanitizer dispenser) on DRY HANDS for at least 30 seconds for good hygienic hand disinfection.
- ix. Sanitize or wash the hands even if the hands appear to be apparently clean.
- x. Do not indulge in gossip/rumours with regard to COVID-19 without verifying the facts while carrying the operations. All are encouraged to download "COVA APP" developed by the Government of Punjab for the correct, timely and authentic information.
- xi. In case someone is diagnosed as COVID-19 with whom one had a contact during operations or otherwise, there is no need to panic. One should report to the Helpline No. 104 detailing the exact nature of exposure.
- xii. The operator should avoid eating inside the vehicle.
- xiii. The operator should always keep an alcohol-based sanitizer inside the vehicle and frequently use the same as prescribed during the journey also.
- xiv. The operator while mounting/dismounting the vehicle should use disposable gloves and should immediately wash the hands after the completion of the mounting/dismounting exercise.
- xv. The operator should ensure a minimum distance of 2 metre amongst himself and his workers, if any, while driving the goods vehicle.
- xvi. The operator should avoid the unnecessary halts and contacts during the journey.
- xvii. The operator while transacting a paper/cash should immediately sanitize his hands before as well as after any such transactions. He should also encourage the other person to sanitize his/her hands before and after the
