Subject: Regarding providing COVID-19 FATEH KITS.

This is with reference to the subject that the Government of Punjab has decided to provide COVID Fateh Kits to COVID positive Patients in the home isolation. It is advised that these kits are made available to COVID positive patients in home isolation on priority basis in your district by the Rapid Response Teams or Home Isolation Monitoring Teams in the district.

The kits contain 18 items required for home isolation monitoring and care including pulse oximeter, digital thermometer, essential medicines and kadha along with educational material and instructions regarding use of medicines for patients and Care-givers. It also contains a log chart which is aimed at ensuring regular self-monitoring of health of COVID positive patients in home isolation to enable early identification of critical parameters.

Home isolation monitoring teams or Rapid Response Teams will explain the use of pulse oximeter and thermometer and also explain the dose and frequency of various medicines provided in the kit at the time of handing over the kit. Local leaders are also to be actively involved for more visibility to the program.

It is requested to ensure early compliance and send the report on priority.
